

Echoone Lyrics E-book:
- Echoone to control Kaos (2006) -

01. Intro in Control

[instrumental]

02. Chemical Reaction

I cut, my hair, I change my style and what I wear
 I face, the crowd, go down to clubs to find some love
 over there,
 I laugh, I cry, I feel all world's sensations in a second as
 I know you're there
 But wait, there's her, my night is over before it's begun

'cause I can't move my mind from thoughts of you,
 and the dangers we could go right through,
 but boy please give me a reason, and I will shoot her
 down,

'cause it's a
*Chemical, chemical (chemical reaction), it just ain't
 allowed, please stop me, I'm a
 Criminal, criminal (what a devastation), don't see where
 I belong, you too could be a
 Criminal, criminal (chemical attraction) there's no right
 and no wrong, oh no no it's so
 Critical, criminal (criminal attraction), let me know if you
 want, or not*

And so, the party's over, I crashed, down to the floor
 and
 tomorrow, I'll say I'm sorry, but what a night, he smiled
 to me so,
 I'm back, on my way, and my aims are still the same
 I guess, I'm idiot, but what a fun last night, I'm critically

driven by the crazy image I see of you,
 and the moments we could pass right through,
 baby give me a reason, and I will shake you down

'cause it's a
*Chemical, chemical (chemical reaction), it just ain't
 allowed, please stop me, I'm a
 Criminal, criminal (what a devastation), don't see where
 I belong, you too could be a
 Criminal, criminal (chemical attraction) there's no right
 and no wrong, oh no no it's so
 Critical, criminal (criminal attraction), let me know if you
 want, or not...*

03. Climbing stairs

You may look so pretty, you're a heartbreak machine, in
 your tie-die jeans, honey
 you feel you are grown up well, Ooh it all fares well, but
 see
 your mother still makes your bed

Leave your teenage days behind (*Ooh don't take me for
 a dick*)
 you don't wanna feel that ordinary (*no, don't take me for
 a dick*)
 there are things you just don't mind (*don't take me for a
 dick*)
 no no

*it's just like climbing stairs, no lifts
 then life turns to what was meant to be
 firm decisions quit that agony*

you're still young in your thirties, still wait for that
 change,
 for that big thing to happen,
 it's agony to me, but you feel so well, yes it all fares
 well, but see
 (you ain't gonna change, you ain't gonna make it your
 own)

Leave your teenage days behind (*Ooh don't take me for
 a dick*)
 you don't wanna feel that ordinary (*no, don't take me for
 a dick*)
 there are things you just don't mind (*don't take me for a
 dick*)
 no no

*it's just like climbing stairs, no lifts
 then life turns to what was meant to be
 firm decisions quit that agony*

I have no clue for fashion, and don't care that much
 anyway,
 You always are well dressed and stylish, you like to
 impress,
 And attract, the influentials,
 'cause appear is always easier...

*it's just like climbing stairs, no lifts
 then life turns to what was meant to be
 firm decisions quit that agony...
 you know that life is gonna be like this, like that...*

04. Echoone to Control Kaos theme (interlude)

[instrumental]

05. Tell me that you love somebody

Tell me that you love somebody
It's a feeling that's so hard to control,
It's so strange, you have been waiting, for so long

Tell me that you love somebody,
tell me is that easy, to tear all apart
did you ever feel so lucky, and strong

You lately use to feel a bit too low
oh yes is that what you show, you know, you got my
support, baby
and since you lost your love a long time ago,
I kept our friendship precious, but
you got so superficial

Tell me that you love somebody,
tell me is that easy, to tear all apart
did you ever feel so lucky, and strong

Tell me that you love somebody,
Is it someone worth the treasure you are,
I guess it might just be somebody, I know

Maybe me,
Maybe him
Oh, no, baby, think twice and look back at me...

06. Look how they treat me

Been around here, in the neighbourhood,
stopped in this place a while to get another fresh point
of view, and

nothing new here, nothing else to say,
but people are the same no matter where they come
from, no no

I've got my own job, I've got my bills to pay,
I've got a respectable place in the world I happened to
belong,
I hate my position, and the way I live,
expect no payback just for being a good person at all,

*Look how they treat me,
Look how they treat me,
Come down and see me,
Look how they treat me.*

It's a strange place, that's where I use to live,
people are fighting hard to impose those dreary political
opinions

It's a strange place, it's stranger as it seems,
we are more wicked than we actually seem,
no way to change,

*Look how they treat me,
Look how they treat me,*

*Come down and see me,
Look how they treat me.*

To play the game of life,
You should know the rules,
And ways to keep away from them,
To win the all day strife,
you should be aware
of the dangers you'll face,
no more be the man (that you once knew)
you can't be the man (that you once knew)
no more the same old man, you know
(now get to know him)

*Look how they treat me,
Look how they treat me,
Come down and see me,
Look how they treat me....*
