

**Echoone Lyrics E-book:  
- Keep In Style (2005) -**

## 01. Keep in style – S+H kitsch

Keep on doin' what I can to get  
some feet moving in this town  
(a funky town, a funky town)  
Keep on doin' what it takes to put  
something good over my sound  
(a funky sound, a funky sound)  
then if you're able to deal with my kind of vision, Aaah!  
Ahow!

Stay up every night, and work  
often till the morning sun  
(a funky sun, a funky sun)  
Then if you're searching for someone to  
hang upon his lips, I'm the one  
(the funky one, the funky one)  
But I can't rely on expensive adverts, I can only get  
some fliers!  
Ahow!

*So I'll try to reach you in your smiles but (I can't guarantee)*  
*I'll try to reach you in your ride (I can't guarantee)*  
*I'll be with you in your bad times, but (I can't guarantee)*  
*I'll try to reach you in good times, but (I can't guarantee)*

Keep on doin' what I can, I guess  
steps one takes are always forward  
Noisy thoughts, crazy words,  
that's why funky flows fast out of my heart  
(a funky heart, a funky heart)  
Think of me as your loony, nice, mad, weird mate – as  
usual

*So I'll try to reach you in your smiles but (I can't guarantee)*  
*I'll try to reach you in your ride (I can't guarantee)*  
*I'll be with you in your bad times, but (I can't guarantee)*  
*I'll try to reach you in good times, but (I can't guarantee)*

*Take some time to realize,  
where you come from and what's your road  
somehow we came crossing each other,  
and chances are we'll not like one another  
we just need to talk and listen with our heart  
because what's really inside's not always what you get  
at last,  
no it's not always what you get at last*

## 02. Summertime blues

I've been used, now my summertime blues, is all I got  
I've been abused, but my old groove, still warms my  
heart  
I finally found that you, you're a lot confused and I fall  
apart  
I lost my heat, it's winter time, down in my heart

*I lost a lot of money, I lost a lot of money,  
I lost a lot of money, don't take me for a fool  
I lost a lot of money, I lost a lot of money,  
I lost a lot of money, I'm dazzeled and confused*

I should have known by far, where I was goin' through  
'cause girls like you, turn guys confused but then vanish  
soon  
Now I can face my dreams, I can play the keys, I can  
live my life  
'cause I've been used, and my summertime blues, is all  
I got

*I lost a lot of money, I lost a lot of money,  
I lost a lot of money, don't take me for a fool  
I lost a lot of money, I lost a lot of money,  
I lost a lot of money, I'm dazzeled and confused*

## 03. Goodnight my love

Goodnight, goodnight, my love  
don't be afraid of the blue, you're not alone, Ooh Oh Oh  
Goodnight, goodnight, my love  
close your eyes, dream of me, yes I'm so sure, Ooh Oh  
Ooh Oh Ooh Oh

*Tomorrow will be a brighter day, won't you take it in  
your arms? You know that  
Tomorrow will be another day, I'll be here when you will  
open your eyes,  
the sun will shine, the sky will smile, another day...*

Goodnight, goodnight, my love  
don't be afraid of the blue, you're not alone, Ooh Oh Oh  
Goodnight, goodnight, my love  
close your eyes and go to light a star, Ooh Oh Ooh Oh  
Ooh Oh

*The cool of the night is just passing inside, but I hold  
you in my arms  
The noise of the world is now just a buzz, all the people  
are so far, tomorrow  
The sun will shine, the sky will smile,  
another day...*

## 04. Smiling people

It took so hard to wait so long,  
but now we're sitting in this restaurant,  
in front of a glass of wine  
we have so many things to say,  
but honestly we just don't have to talk,  
I feel near you even when we're far

Some day I'm gonna change my job,  
it's time you're gonna change your wife,  
troubles, I couldn't live without  
but one thing I understood this time,  
we can be fool, we can be blind,  
but nothing should just compromise your smile,  
I say that

*Smiling people live an happy life  
they are loved by Jesus but they ain't no saint  
you could play compassion, you could find a clue, I'm  
going no, no  
and fly over the blue become like  
Smiling people live an happy life,  
they are loved by Jesus but they ain't no saint,  
just forget depression, no need to be a fool,  
I'm feeling so, and live such an extraordinary life*

You have your needs to satisfy,  
I have my dreams to realize,  
we both have our ways to find,  
we both had love, we both had crashed,  
I think sometimes love's just suggestion, now  
it's getting clear in my mind,  
you know that

*Smiling people live an happy life  
they are loved by Jesus but they ain't no saint  
you could play compassion, you could find a clue, I'm  
going no, no  
and fly over the blue become like  
Smiling people live an happy life,  
they are loved by Jesus but they ain't no saint,  
just forget depression, no need to be a fool,  
I'm feeling so, and live such an extraordinary life*

*Smiling people live an happy life  
they are loved by Jesus but they ain't no saint  
Smiling people live an happy life  
they are loved by Jesus but they ain't no saint  
you could play compassion, you could find a clue  
just believe in passion and in what you like to do and it's  
done...*

## 05. Praying for the miracle

*We ain't going strong, we're gonna pray for the miracle  
We ain't strong enough, we're gonna pray for the  
miracle*

Don't worry for me, girl, feels strange,  
I know you never saw me so,  
but I got one, two three, four reasons for my troubles,  
why should I be wrong,

but those seven years of bad luck, I had before,  
I broke my second looking glass, no didn't help, my girl,

*No we ain't going strong, we're gonna pray for the  
miracle  
We ain't strong enough, we're gonna pray for the  
miracle*

But I don't have to fall, in superstition  
to get rid of the problems, girl,  
but we still use to play this shit in this nasty place,  
this is the money law,

but those seven years of bad luck, I had before,  
I broke my second looking glass, no didn't help, my girl,

*we ain't going strong, we're gonna pray for the miracle  
we ain't strong enough, we're gonna pray for the  
miracle  
we ain't going strong, we're gonna pray for the miracle  
we ain't strong enough, we're gonna pray for the  
miracle  
we didn't do rock, we didn't do roll, we didn't do rock, ...*

## 06. Enter into the night

Sometimes is hard to enter into the night,  
(there's dust over the dance floor)  
but something comes growing into your eyes  
(there's dust over the dance floor)

Tell me darling, do you keep on fighting, because,  
your body wants to move, you're alone,  
noone's dancing, tonight is hard to enter into the night  
there's dust over the dance floor

*(Lay a snare to get on top)  
'cause I am up to get on down  
(Lay a snare to get on top)  
'cause I am up to get on down  
(Lay a snare to get on top)  
'cause I am up to get on down  
(Lay a snare to get on top)  
'cause I am up tonight*

Tonight is hard to enter into the night  
(there's dust over the dance floor)  
but something comes growing into your heart  
(there's dust over the dance floor)

Tell me darling, who did set you on fire, you see,  
The rhythm's gonna catch your dreams,  
Noone's dancing, tonight is hard to enter into the night  
there's dust over the dance floor

*(Lay a snare to get on top)  
'cause I am up to get on down  
(Lay a snare to get on top)  
'cause I am up to get on down  
(Lay a snare to get on top)  
'cause I am up to get on down  
(Lay a snare to get on top)  
'cause I am up tonight*

## 07. Just like other men's girls

I like my girl, and our sweet confusion  
I like our moments, just couldn't live without them  
But I've got a question, got my mind on  
So I want someone to tell me why

why, they're always sweeter, they seem like flowers  
she couldn't be, just like other men's girls

*Other men's girls are the most brilliant stars  
Other men's pearls are the hardest to find.*

I love my girl, yes I like our story,  
with her I mark my territory  
but I want ask a little question,  
so I want someone to tell me why

why, they're always sweeter, they seem like flowers  
she's never been, just like other men's girls

*Other men's girls are the most brilliant stars  
Other men's pearls are the hardest to find...  
(Keep on save the best for her) 'cause she does it all for me  
(Keep on save the best for her) 'cause I know she's all I could need*

## 08. Keep on save the best for her

I'm not a sentimental, I'm not that guy,  
But what you're doing to me oh yeah, you're doing all right (doing all right)  
Right this time, I discover new sites in my heart,  
I discover a new world in your arms, I'm a prisoner in you

Ooh, since when I met you, I knew I fell in love, with you

*(Keep on save the best for her) 'cause she does it all for me  
(Keep on save the best for her) 'cause I know she's all I could need*

I found a friend too, and she's so fragile, ooh!  
and she has trust in me, and she believes in me,  
whether I'm right or wrong  
whether I'm right or wrong  
she believes in me whether I'm right or wrong, she believes in me

*(Keep on save the best for her) 'cause she does it all for me  
(Keep on save the best for her) 'cause I know she's all I could need  
(Keep on save the best for her) 'cause she does it all for me  
(Keep on save the best for her) 'cause I know she's all I could need*

## 09. What a wonderful life

You hold a sweet breeze in your hands  
you hide a world to explore  
you enchant my heart with your voice  
yes, you know what I mean

*What a wonderful life this could be  
If this wonderful time we're having, could last forever  
Open your eyes, I'm still there, closer to you...*

You raise the sun in my heart  
You share a warmth I adore, and when I'm cold, I just hold you  
in my arms in my own,  
you know what I mean

*What a wonderful life this could be  
If this wonderful time we're having, could last forever  
Open your eyes, I'm still there, closer to you...*

## 10. Me voy

Me voy, me voy, mi amor, Se aleja de ti el mi corazon  
Me voy, me voy mi amor  
Mira lo que passò de nuestro amor ooh oh ooh oh ooh

*Manana serà un nuevo dia, y tu debes aguantarlo  
Te pido  
Manana serà un nuevo dia, y yo no estarè contigo,  
entonces...  
Felicidad, Volverà, Y otro dia...*

Me voy, me voy, mi amorSe aleja de ti mi corazon  
Me voy, me voy, mi amor  
Y no tengas miedo de tu passion, ooh oh ooh oh ooh

*Sabes , tu estaras presente en todos mis pensamientos  
Oye porquè el primer amor es imposible de olvidar,  
entonces...  
Felicidad, Volverà, Y otro dia...*
